One-hot | Response-state flow

Shared state directions; condition-equilibrated backgrounds; no training or weight changes

Field outside plane: 37.3% median
Max path departure: 0.206 state L2

Field outside plane: 37.3% median
Max path departure: 0.206 state L2

Field outside plane: 55.3% median
Max path departure: 0.436 state L2

Non-invariant slice. Filled numbered anchors: full-field stationary; hollow numbered anchors: reference only.

Projected slice streamlines Full132 trajectories, projected
