Field outside plane: 37.3% median
Max path departure: 0.206 state L2
Field outside plane: 37.3% median
Max path departure: 0.206 state L2
Field outside plane: 55.3% median
Max path departure: 0.436 state L2
λ_2 (LDS rate-state coefficient)
λ_1 (LDS rate-state coefficient)
Non-invariant slice. Filled numbered anchors: full-field stationary; hollow numbered anchors: reference only.
Projected slice streamlines
Full132 trajectories, projected
